

 **3**
Bedrooms

 **1**
Bathroom

Ideally positioned between Southampton City Centre and Southampton Common, this well-presented three-bedroom apartment offers spacious and modern accommodation in a highly convenient location.

The property is currently undergoing some improvement works, including repainting and general preparation throughout, and will be presented in excellent condition ready for occupation towards the end of September.

Situated on the top floor, the apartment benefits from a bright and airy feel throughout, with well-proportioned rooms and a practical layout suited to professionals, couples or a small family.

THREE BEDROOM TOP-FLOOR APARTMENT WITH OFF-ROAD PARKING

Ideally positioned between Southampton City Centre and Southampton Common, this well-presented three-bedroom apartment offers spacious and modern accommodation in a highly convenient location.

The property is currently undergoing some improvement works, including repainting and general preparation throughout, and will be presented in excellent condition ready for occupation towards the **end of September**.

Situated on the top floor, the apartment benefits from a bright and airy feel throughout, with well-proportioned rooms and a practical layout suited to professionals, couples or a small family.

The property is within walking distance of Southampton Common, the city centre and a wide range of local shops, amenities and transport links. Regular bus routes are also easily accessible, providing excellent connections across Southampton and the surrounding areas.

Further benefits include a secure communal entrance and a dedicated off-road parking space located to the rear of the building.

Early viewing is highly recommended.

Available: Towards the end of September

EPC Rating: C

Council Tax Band: C

Holding Deposit: £323.00

Traditional 5-Week Deposit: £1,615.00

Energy performance certificate (EPC)

Flat 5 Limwood House 47a The Avenue SOUTHAMPTON SO17 1XP	Energy rating C	Valid until: 29 May 2032
		Certificate number: 7432-7835-1100-0200-6272

Property type

Top-floor flat

Total floor area

79 square metres

Rules on letting this property

Properties can be let if they have an energy rating from A to E.

You can read [guidance for landlords on the regulations and exemptions \(https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance\)](https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance).

Energy rating and score

This property's energy rating is C. It has the potential to be C.

[See how to improve this property's energy efficiency.](#)

The graph shows this property's current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

the average energy rating is D
the average energy score is 60

Score	Energy rating	Current	Potential
92+	A		
81-91	B		
69-80	C	77 C	77 C
55-68	D		
39-54	E		
21-38	F		
1-20	G		

Breakdown of property's energy performance

Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating
Walls	Average thermal transmittance 0.36 W/m ² K	Good
Roof	Average thermal transmittance 0.17 W/m ² K	Good
Windows	High performance glazing	Very good
Main heating	Boiler and radiators, mains gas	Good
Main heating control	Programmer, room thermostat and TRVs	Good
Hot water	From main system	Good
Lighting	Low energy lighting in all fixed outlets	Very good
Floor	(other premises below)	N/A
Secondary heating	None	N/A
Air tightness	(not tested)	N/A

Primary energy use

The primary energy use for this property per year is 126 kilowatt hours per square metre (kWh/m²).

How this affects your energy bills

An average household would need to spend **£432 per year on heating, hot water and lighting** in this property. These costs usually make up the majority of your energy bills.

You could **save £0 per year** if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2022** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

Heating this property

Estimated energy needed in this property is:

- 3,554 kWh per year for heating
- 2,101 kWh per year for hot water

Impact on the environment

This property's environmental impact rating is C. It has the potential to be C.

Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO₂) they produce each year.

This property produces	1.8 tonnes of CO ₂
------------------------	-------------------------------

This property's potential production	1.8 tonnes of CO ₂
--------------------------------------	-------------------------------

You could improve this property's CO₂ emissions by making the suggested changes. This will help to protect the environment.

These ratings are based on assumptions about average occupancy and energy use. People living at the property may use different amounts of energy.

Carbon emissions

An average household produces	6 tonnes of CO ₂
-------------------------------	-----------------------------

Steps you could take to save energy

The assessor did not make any recommendations for this property.
