About The Property

Looking for a well-presented, versatile home in a popular Cardigan cul-de-sac, with flexible accommodation and an enclosed garden?

This attractive three-bedroom detached dormer-style home offers a particularly useful layout, with two bedrooms and a bathroom on the ground floor, a generous principal bedroom and shower room upstairs, along with a sunroom, separate laundry room and off-road parking for two vehicles. Set within the popular Dol y Dintir development, the property is conveniently placed for the many shops, schools and services available within the market town of Cardigan.

A glazed entrance door opens into a useful entrance porch, with a further door leading into the main hallway. This is a good-sized central space, finished with wood-effect flooring and giving access to the majority of the ground-floor accommodation, as well as the staircase rising to the first floor.

The living room sits to the front of the house and is a comfortable, well-proportioned reception room, with a wide window bringing in plenty of natural light. There is ample room for sofas and additional furniture, while the wood-effect flooring continues the clean and practical finish seen through much of the hallway.

To the rear is the kitchen/dining room, fitted with a modern range of white wall and base units complemented by work surfaces and tiled splashbacks. There is an integrated electric oven with gas hob above, together with space for further appliances and plenty of room for a dining table and chairs. A window looks towards the rear garden, while glazed doors connect the kitchen directly with the sunroom.

The sunroom is a lovely addition to the accommodation and provides another useful place to sit, read or simply enjoy the garden throughout the seasons. With glazing to three sides and doors opening directly outside, it creates a natural link between the house and garden.

Continued:

Alongside the kitchen is a separate laundry room, fitted with additional storage units, worktop, sink and space and plumbing for a washing machine. An external door provides further access outside, making this a particularly practical part of the house for day-to-day use.

Two bedrooms are positioned on the ground floor. The first is a comfortable double bedroom overlooking the rear, with space for freestanding bedroom furniture. The second bedroom is positioned towards the front and is currently used as a home office, demonstrating the flexibility of the layout. Depending on requirements, this could work equally well as a bedroom, study, hobby room or additional reception space.

Serving the ground floor is a modern

bathroom, fitted with a bath and shower over, wash hand basin and WC, with tiled walls and flooring.

Stairs from the hallway rise to the first-floor landing, where the accommodation opens into a surprisingly generous principal bedroom. Extending across much of the upper floor, this is a spacious room with plenty of room for a substantial bed and freestanding furniture, while windows bring in natural light from different aspects. The shape of the room adds character without compromising its usefulness, and there is additional storage within the eaves.

Also on this floor is a shower room, fitted with a glazed shower enclosure, wash hand basin, WC and heated towel rail. Together, the bedroom and shower room create an excellent principal suite, nicely separated from the two ground-floor bedrooms.

The combination of bedrooms and bathrooms across both floors is a real strength of the property. It provides flexibility for a wide range of circumstances, whether accommodating family and guests, working from home or simply having the option of predominantly ground-floor living when required.

Outside, the property benefits from off-road parking for two vehicles. The rear garden is enclosed by fencing and has been designed to provide a manageable outdoor space with a central lawn, paved pathways and established planting around the boundaries. There is room for outdoor seating, while the sunroom opens directly onto the garden, making the two spaces work particularly well together.

Mains gas central heating adds to the practicality of the property, which has clearly been well cared for and is presented in a condition that should allow a new owner to settle in without the need for major immediate work.
